

KOREAN JOURNAL OF SOIL SCIENCE AND FERTILIZER

Volume 59 Number 3

August 2026

- Soe Sandar Aung, Hosung Lee, Won-Pyo Park** 217
Soil-dependent effects of biochar feedstock and application rate on inorganic nitrogen dynamics under urea fertilization in volcanic ash soils: a laboratory incubation study
- Periyasamy Rathinapriya, Tae-Jun Lim** 232
Effects of nitrogen fertigation and irrigation management on onion (*Allium cepa* L.) growth and bulb yield under open-field conditions
- Seo Young Oh, Tae Hee Kim, Sung Hoon Kim, Hyunggon Mang, Jongho Park** 247
Influence of pre-crops on soil quality and seed yield of a post-crop, mungbean at double cropping systems in the southern paddy field
- Seong Min Moon, Dong Hyeok Gong, Jin Hee Seo, Man Soo Choi, Jong Su Ryu, Min Su Jeong, Yoon Ha Kim, Jong Hwan Park, Hyen Chung Chun** 261
Effects of deep fertilization placement on N₂O emissions, nitrogen leaching and soybean productivity
- Hee-Jeong Je, Hyeon-Ji Cho, Mi-Jin Lee, Jae-Young Heo, Young Han Lee, Eun-Jin Lee** 278
Multivariate assessment of long-term soil fertility dynamics and nutrient accumulation and deficiency in Gyeongnam upland soils from 2001 to 2025
- Hyunmin Lee, Taehee Baek, Namhee Yi, Jinhwan Park, Mina Lee, Young A Oh, Dong Ryul Lee, Kwon-Rae Kim** 291
Natural rock powder as an alternative potassium fertilizer: evidences from a short-term Chinese cabbage cultivation experiment
- Yeomyeong Lee, Yeon Ho Kim, Sung Jun Hong, Sang Min Lee, Ji-Won Kang, Hyun Young Hwang** 302
Long-term effects of no-tillage on maize yield stability, nitrogen use efficiency, and soil chemical properties under green manure application
- Mi-Jeong Uhm, Hyo-Jung Choi, Na Young Park, Yong Jun Kim, So-Ra Choi** 318
Optimal application rate and frequency of apple-pruning biochar for crop productivity, soil properties, and nitrous oxide mitigation of sweet potato uplands
- Soo-Young Hong, Dong-Min Kim, Seong-Yu Hong, Hee-Yeon Kim, Su-Jeong Heo, Ki-Sun Kim, Bo-min Kim, Young-seek Seok** 333
Agronomic evaluation of *Tenebrio molitor* frass as an organic fertilizer for Chinese cabbage cultivation
- Mi-Jin Lee, Jin Hyang Son, Hee-Jeong Je, Jae-Young Heo, Sang Woo Choi, Mi Geon Cheon, Young Han Lee** 342
Assessment of soil physical properties under greenhouse cultivation of late-maturing citrus (*Citrus* spp.) in Gyeongnam Province, Korea
- Nuri Baek, Hyun-Jin Park, Seo-Woo Park, Eun-Seo Shin, Tae-Yeon Lee, Jin-Hyeob Kwak, Won-Pyo Park, Seok-In Yun, Woo-Jung Choi** 351
Integrated fertilization strategy for climate-smart soil management: A concise review for policy suggestion
